

The Rockhounder

October 2017

The purpose of the Gem, Lapidary, and Mineral Society of Montgomery County MD, Inc. is “to increase knowledge and popular interest in earth sciences, geology, mineralogy, paleontology, lapidary arts, and related subjects.”

NOTE: Please send any submissions for the November issue of The Rockhounder to Editor Olivia Luzier at editor@glmsmc.com By Tuesday, October 24, 2017.

Regular Meeting Announcements

Gary Leaman, Vice President

October Speaker Information:

Speaker: Casper Voogt

Title of Talk:

“My 2014 Trip to Madagascar with Mindat”

Casper Voogt is a globetrotting mineral collector and photographer. In his day job, he runs Plethora Design, a web design company. He has traveled to over fifty countries and has been mineral collecting in Morocco, Madagascar, Myanmar, Russia, Germany, and around the US.

Casper will present a talk about his three-week 2014 trip to Madagascar with Mindat. The focus of the talk will be on the travel experience, culture, visiting mines, collecting, and purchasing minerals. He will also bring samples from his trip.

Gary Leaman

Continued from page 1

Our November 13th meeting will be of interest to everyone that has come home from one of our monthly club meetings where we had a small auction and bought a lot or you went to a rock and mineral show or just picked up those priceless stones from the roadside.

We will be having a club member's auction so gather your extra rocks, minerals, or other rockhounding items that you can part with. We will be sending out the forms that need to be completed to auction these well-collected rockhounding items during the November meeting.

President's Message

Jonathan Harris

Hello fellow Rockhounds,

Fall has started and our programs are back. The few who are stragglers—please pay your membership dues now so you can stay on our roster and continue to participate in field trips and other events.

Mark your calendars for October 14: Saturday morning will be a club auction of over 100 lots of lapidary materials. The items include many Lake Superior Agates, Gypsum crystals, jaspers, geode sections, and other lapidary material. Much is old stock that you are unlikely to dig up any more.

If you are running out of shelf space, our November meeting will be a club auction. Now is the time to start thinking of letting go of those duplicates or specimens that are getting lonely and gathering dust.

You can restock at the various local shows that appear in the Rockhounder and emails.

Happy autumn,

—Jonathan

GLMSMC Regular Meeting Minutes for September 11, 2017

Jeff Cessna

The September 11, 2017 meeting was called to order by President Jonathan Harris at 7:45 PM. There were approximately 50 people in attendance (45 adults, 5 juniors). It was M/S/P to approve the minutes of the June 12, 2017 regular meeting, with the following corrections: the general door prize was won by Gerald Elgert, not Chuck Hyland, and the show table door prize was won by Karen Lottes, not Carro Hinderstein.

It was M/S/P to accept Mark Dahlman as a delegate to the EFMLS annual meeting.

President: President Jonathan Harris announced there would be a short BOD meeting during the break. Jonathan announced a silent auction and finalized it at the break.

Chris Luzier to take the minutes of the September BOD meeting, if the secretary does not arrive in time.

Membership: Doug Baum thanked those members that had paid their dues so far. He announced the visitors for the evening. All stood and introduced themselves and spoke of what brought them to our club. It was M/S/P to approve the memberships of Bruce and Diane Berndt of Fairfax, VA; Dennis and Denise Nelson of Bethesda, MD; and Barry and Carro Hinderstein of Takoma Park, MD. Doug welcomed returning members Alf Shupe and Jim Kostka.

Treasurer: Tom Dushel announced, for all those who were greatly concerned, that the meeting space rent was now paid.

Chris Luzier discussed the October 14th auction of lapidary rough, slabs, agates, and selenite crystals. A list of lots will be included in the October Rockhounder. Chris also announced the October 28th Ultravioletation Show in Fairless Hills, PA. He noted that dealers are still needed. Denise Nelson announced an upcoming GLMS-DC auction on October 29th.

Show: Chris Luzier noted that the show is 6 months away. We will need help making pre-forms for the lapidary shop. The club has a machine available for loan and can provide materials.

Field Trips: Jonathan Harris noted an upcoming trip to the Willis Mountain kyanite locality. Jonathan brought give-aways from past trips to Mt. Pleasant Mills and Vulcan Manassas Quarries.

Continued on page 4

GLMSMC Regular Meeting Minutes for September 11, 2017

Continued from page 3

Program: Gary Leaman introduced the dual speakers for the evening, Scott Sprauge and Ed Parshley, both of the Central MD GPAA. The common theme was Arkansas, with Ed discussing “Experiences Finding Quartz Crystals in Arkansas” and Scott discussing “Experiences Finding Diamonds at Crater of Diamonds State Park.” Ed stated that quartz in Arkansas has been known for some time with Spanish explorers noting local Indians had weapons with strange tips and blades. He described the Ron Coleman Mine and the Crystal Seen Trading Company. The former is an active mine with collecting on tailing piles and the latter is a former mine where digging to pockets is required. A large specimen from Ron Coleman mine was displayed. Scott gave details on the State Park containing the 8th largest diamond reserve in the world, with details of the geology and examples of the diamonds found there. He described the process for collecting including the tools needed. His own finds were passed around among the audience and the talk ended with a demonstration of the method to concentrate and pick out diamonds from material brought back from the park. Both speakers answered many questions from an interested audience. Thanks, Scott and Ed.

Board of Directors: It was M/S/P to donate a club family membership and a small mineral collection to a local silent auction at Maryvale Elementary School. Chris Luzier and Tom Dushel had minerals to use in the donation.

Joel Rosen announced the purchase of a new club trailer to transport and store show materials, replacing the aging trailer. Club member will be needed to transfer materials at a time to be set and announced after trailer delivery.

Show table and door prizes were administered by Joel Rosen.

Adjournment: It was M/S/P to adjourn the meeting at 9:59 PM
Jeff Cessna, Secretary

GLMSMC Board Meeting Minutes for September 18, 2017

Jeff Cessna

Board members present: Doug Baum, Jeff Cessna, Jonathan Harris, Gary Leaman, Chris Luzier, Holly McNeil, Joel Rosen, and Dave Tiktinsky. Board members not present: Tom Dushel, Dave Fryauff, and Wendell Mohr. President Jonathan Harris called the September 18, 2017 meeting to order at approximately 7:38 PM.

Auction: The material delivered so far has begun to be organized into lots. Two additional loads are anticipated. Logistics for delivery and further sorting were discussed. Some material may not arrive in time to be printed in Rockhounder. Dave Tiktinsky required information on lots to prepare the flyer. Chris Luzier will provide information. Hours were discussed. The venue will be contacted about possibility for setting up the evening before and a contingency for the auction running long.

Property: Discussions of a date to transfer material from trailer to trailer established for November 4th. (This date was changed to November 5th after the meeting.) Joel will provide an announcement for the Rockhounder. Joel discussed the possibility of using the parking lot of a local school for the transfer. He will contact for permission. Chris Luzier will supply 2-3 folding tables and Joel will supply one. It was M/S/P to authorize \$50 for the purchase of wide straps for securing cases. Option for sale of the old trailer were discussed.

Nominations: It was M/S/P to establish a nominating committee consisting of Chair Chris Luzier and members Dave Tiktinsky and Jeff Cessna. Potential candidates were discussed. Nominations must appear in the October Rockhounder.

Programs: Chris Luzier and Gary Leaman recently presented programs at the Central MD GPAA. The topic of honoraria for speakers was discussed. Gary Leaman discussed upcoming speakers, club member auction, and the Christmas party.

Membership: Doug Baum distributed the updated roster by email. We are currently ahead of renewals for the same timeframe last year. Doug will renew Montgomery County Student Service SSL registration.

Show: Dave Tiktinsky discussed dealers. So far, the majority are returning. The bulk email system will be used again. Holly McNeil stated that statistics indicate fewer flyers have been returned, so fewer can be printed. Chris Luzier will print a preliminary flyer version for distribution at upcoming shows. Holly will supply template. Gary Leaman noted that more foam floor tiles were needed for the lapidary shop. Holly noted she had begun to purchase some of the usual supplies. As the discussion devolved, Holly wondered aloud if she needed to hit anybody. No suitable candidate was identified.

Past President: Chris Luzier discussed the upcoming Ultraviolation show on October 28th.

Continued on page 6

GLMSMC Board Meeting Minutes for September 18, 2017

Continued from page 5

Treasurer: The current status of the audit was discussed.

Adjournment: It was M/S/P to adjourn at 9:19 PM.

The following business was conducted by email: It was M/S/P to accept an offer to purchase the trailer.

Jeff Cessna, Secretary.

Future Rockhounds of America (The MOCKS) Ages 10-15

Mark Dahlman

Next Meeting Date: October 9

Meeting Time: 7:45-9:00pm

Meeting Location: Sunroom Cafeteria at the Rockville Senior Center

September 11th Meeting:

At our September meeting, Mrs. McNeil led a discussion and exercise about metamorphic rocks. The exercises are part of the Earth Processes badge which covers the rock cycle, and the three types of rocks: igneous, sedimentary, and metamorphic. Thanks to Mrs. McNeil for showing us how to identify the diverse types of metamorphic rocks!

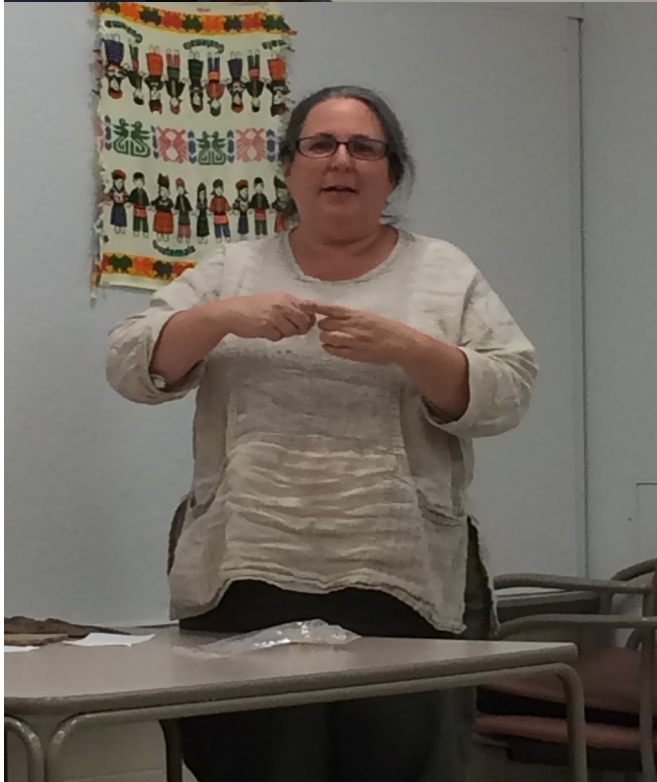

October 9th Meeting:

Don't forget to bring your three igneous rocks, three sedimentary rocks, and three metamorphic rocks to complete the Earth Processes badge. We'll do activities to earn the Maps badge at our October meeting, and as always, each FRA member will go home with something to add to their collection. Bring a friend if you'd like. See you at the meeting!

For more information on the Future Rockhounds of America program, please contact Mark Dahlman at <fra_advisor@glmsmc.com> or 301-428-0455.

Show Table for June 12, 2017

*** denotes self-collected*

Name	Mineral	Place
Gary Leaman	Quartz crystals	Mount Ida, AK
Diane Leaman	Rose quartz, clear quartz	Black Hills, SD
Dave Hennessey	Prehnite, Calcite	Vulcan Quarry, Manassas, VA
Ken Reynolds	Esperite, Apatite, Willemite**	Franklin, NJ
Abigail Cloutier	Celestite	Ohio
Barbara Burr	Amethyst	Unknown
Carro Hinderstein	Step formation sculpture, Herkimer Diamond	Herkimer, NY
Doug Baum	Smoky Quartz on micro	Ossipeo, NH
John Beatty	Serpentine (bought)	Peru
Jeff Cessna	Hardystonite, Willemite, Clinohedrite	Franklin, NJ
	Esperite, Willemite	Franklin, NJ
	Wollastonite, Willemite	Sterling Hill, NJ
Wendell Mohr	Smoky Quartz	Florissant, CO
Steven Calamuci	Chrysocolla after Malachite after Azurite	Congo
	Tugtupite, other fluorescents	Greenland
Joel Rosen	Prehnite	Prospect Park, NJ
Lyle Peterson	Bluish Opal Coating	Penn MD Quarry
Pat Repik-Byrne	Azurite concretion	Lost Lake Claim at Cuba, NM
		Nacimiento Mine
Herb Close, Jr.	Calcite xls in limestone**	Mt. Pleasant Mills Quarry, PA
King Stablein	Selenite pseudomorph after Calcite	Joplin, MO
Jonathan Harris	Kyanite**	Prospect, VA
Karen Lottes	Sapphires**	Mason Mine, Franklin, NC
	Fossils	Unknown
Nancy Shinowara	Ruby	Sheffield Mine, NC

Door Prizes

Show Table: Petrified wood from Indonesia, *won by Doug Baum*

General: Barite from Cavnik, Romania, *won by Barb Burr*

In Memory of Cynthia Hunter-Shupe

Chris Luzier

I wanted to let the membership know that it is with great sorrow that I have to report the passing of long time member, Cynthia Hunter-Shupe. Cynthia and her husband, Alf, were always willing to help with our annual show in the Demonstrators section and attended our monthly meetings. I saw Alf at our September meeting and told him that it was great to see him again as I had not seen him or Cynthia at the meetings for a while. That is when he let me know about Cynthia's passing over the summer. Please keep him in your thoughts and prayers.

Field Trips

Dave Fryauff

Willis Mountain Kyanite Mine Trip Report

I think we had just two representative rockhounds from GLMSMC —me and Steve Calamucci—but it was a great day to be hounding and this remarkable mine opens up just once a year to collectors. Kyanite is one of the US government declared strategic minerals and this mine in VA supplies 80% of the world's annual demand. Industrial application is for high temperature ceramics and heat refractory insulators.

Sincere thanks to the owners of Virginia Kyanite Inc. and to the Lynchburg Mineral & Lapidary Society for inviting EFMLS groups to take part.

Left: Kyanite xls, right: Kyanite mine
